

Hampton Cove Elementary 2020-2021

Hampton Cove Elementary School

Vision

At HCES, our family leads with honor, our character counts, and we strive for excellence to achieve success for all.

Mission

Provide opportunities for success for all students by achieving excellence in academics and building honor and character

Beliefs

To foster the development of student behavior which promotes perseverance and integrity to provide all students the opportunity to learn, grow, and succeed through a variety of learning experiences, promoting critical thinking, and actively involving all students in setting lifelong learning goals.

Learner Perceptions

Objectives

- Develop a school environment where all students feel safe and have opportunities to succeed.

Critical Initiatives

- Implement a schoolwide positive behavior system.
- Implement student data notebooks.
- Create a mentor system with students and non-classrooms teachers.

Teacher Climate

Objectives

- Provide proactive communication, clear expectations, and a positive working environment for all.

Critical Initiatives

- Form a schoolwide leadership team to address staff concerns.
- Quarterly staff surveys to gauge staff morale and the data from these surveys will be used to brainstorm ways to improve school climate.
- Develop and implement a weekly staff newsletter and a monthly calendar to inform teachers of all events and expectations for the week/month.

Community Engagement

Objectives

- Provide proactive communication and strategic involvement opportunities for all stakeholders.

Critical Initiatives

- Conduct a Community Conversation each semester to share data, celebrations, and allow opportunities for community members to share concerns.
- Implement a stakeholder's team consisting of school leaders, parents, and community leaders to address community concerns.
- Develop and implement a team to train volunteers for a variety of opportunities to help better the school.

Pillar 6 -Technology Plan

Objectives

- Increase the meaningful and productive use of technology by students and teachers.

Critical Initiatives

- Identify a group of teachers as Technology Leaders who will train the faculty on how to best implement current technology.
- Create a Technology Team that identifies and purchases meaningful and useful technology resources to implement in the classrooms that support student learning.
- During the specials of Library and ETA, students will learn the importance of Digital Citizenship and how to apply it in their everyday lives.
