2018-2019**

Secondary Matrix

The Secondary Matrix

This flipchart contains the Behavioral Learning Matrix. The Matrix contains all student misbehaviors and the progressive disciplinary steps assigned to each behavior. As a reminder, progressive discipline is the process of responding to student behavior with a set of steps that build in severity and intensity, both in consequence and support, with each step. For most behaviors, in-school Disciplinary Consequences (*e.g.*, detention, loss of privileges, and in-school suspension) are used before out-of-school consequences (*e.g.*, out-of-school suspension or expulsion). If a student’s behavior does not change with the **lowest levels of Disciplinary Consequences and Interventions**, the teacher or administrator should use the **next level of Disciplinary Consequence and Intervention**. Out-of-school suspension and expulsion are reserved for the most severe behaviors and as a last resort for repeated behaviors.

Response Strategies, Disciplinary Consequences, and Interventions

In the Matrix, each behavior is assigned to one of five **Response Levels**. The five **Response Levels** are the progressive steps that schools should use to respond to misbehavior. Each response level has a set of corresponding **Disciplinary Consequences, Interventions, and Response Strategies**. Brief definitions of **Disciplinary Consequences, Interventions, and Response Strategies** are listed below:

Type of Action	Definition	Examples
<i>Response Strategy</i>	These are the steps that a school employee takes to end a student’s misbehavior or defuse a student conflict. These do not replace Disciplinary Consequences or Interventions.	<ul style="list-style-type: none"> • Redirection • Letting a student take a break to calm down • De-escalation techniques such as avoiding power struggles
<i>Disciplinary Consequence</i>	These are the consequences for a student’s misbehavior. Suspensions and expulsions must also be paired with an Intervention	<ul style="list-style-type: none"> • Detention • Loss of privileges • Temporary confiscations • Parent/Guardian/Student conferences • Repairing the harm through Restorative Practices • Suspension • Expulsion
<i>Interventions</i>	These are the supports that are used to help struggling students. These supports can be designed to help a student with academics, attendance, or behavior. Interventions work best when they are customized for the student’s needs.	<ul style="list-style-type: none"> • Behavior Contracts • Mentoring • Positive reinforcement with PBIS • Restorative conversations • Restorative circles • Counseling and mental health • Problem Solving Team • Reintegration meetings after discipline

Exclusionary Disciplinary Consequences

Disciplinary Consequence	Definition	Limits	Response Level
In-School Learning Center (ILC)	ILC is an alternative classroom placement for students. A student is removed from the regular classroom environment. The student can make up any assignment missed while in ILC, and the student’s teacher must visit the student to ensure that he or she can complete the work and to answer questions.	Administrators should start with a small number of periods or days in ILC before increasing the duration, subject to Resetting.	Level 2
Out-of-School Suspension (OSS)	<p>OSS results in a student being removed from the school environment for a designated period of time. The student can make up any assignment missed while on an OSS, and the student’s teachers must allow the student to meet with them to help the student complete work and to answer questions, as schedules permit.</p> <p>This consequence may be limited by IDEA and/or state law.</p>	<p>When returning from OSS, the administrator will ensure that at least one Intervention plan is in place, such as Restorative Practices. For students with an IEP, an IEP team meeting may be necessary. If the student has frequent or repetitive behavior, the student will be referred to the PST to develop an appropriate Intervention plan. OSS is not appropriate for students who are tardy, are absent, and skip school. Suspending a student out of school for not being in school is inconsistent with the District’s mission.</p> <p>Administrators should start with a small number of days in OSS before slowly increasing the duration, subject to Resetting.</p>	Level 3
Restorative Panel Meeting	<p>The student and his or her parents/guardians will have the opportunity to participate in a restorative conference with HCS’ Restorative Panel. If the student chooses to participate in an HCS Restorative Panel, the panel, the offending student(s), the school administrator, and other stake-holder(s), including the victim, when appropriate, will discuss the harm caused by the behavior, develop a behavioral plan for the student, and discuss access to possible Interventions (e.g. counseling, mental health services).</p> <p>Restorative Panel Meetings are often in lieu of expulsion, so for Secondary students, failing to participate in the Restorative Panel Meeting or to follow the Panel’s follow the plan will often result in a recommendation for expulsion.</p>	<p>HCS has identified the following categories of behavior as appropriate for Restorative Panel Meeting:</p> <ul style="list-style-type: none"> • Drug and alcohol possession, usage, and being under the influence • Fights that disrupt climate (<i>for example</i>, brawls involving multiple students) • Violent assaults of another person • Recording, photographing, or videoing others who are nude or performing sexual acts, or voluntarily participating in such a recording. <p>Recommendation for Restorative Panel Meeting will often coincide with an OSS and will occur prior to a recommendation for expulsion. For more severe behaviors, usually Level 4, the RPM will take place at the District office and be led by District personnel. For less severe behavior, usually Level 3, school administrators should lead a Restorative Conversation or Conference at their schools.</p>	Level 3 & 4
Expulsion <i>Secondary Only</i>	<p>Long-term removal from the normal school and classroom environment unless prohibited by the IDEA and/or state law.</p> <p>All recommendations for expulsion are reviewed by a District panel who determines whether or not to move forward with the expulsion. If approved, the case will go before the district hearing panel as described in Appendix C.</p>	No student may be expelled without a due process hearing. While awaiting a due process hearing, the student will be placed on ILC or OSS for up to 10 days as appropriate. The length of the expulsion will be for a period of days depending on the number of times the student has been expelled over the preceding 12 months.	Level 4
Resetting	If a student goes a period of time without repeating the same behavior, the consequence for that behavior should restart.	The length of the “Reset Period” should be developmentally appropriate. The BLG caps the Reset Period for Day-to-Day and Level 1 at 8 weeks , but this may not be appropriate for younger students. For Levels 2, 3, and 4 , the PST sets the Reset Period.	All Levels

Progressive Discipline

Levels	How to Document	Interventions	When to Progress?
Day-to-Day to Level 1	Use BLOOM when student's behavior rises to Level 1.	The teacher should use general classroom management techniques.	After attempting to correct the specific behavior (e.g., for at least three days), may move up to a Level 1 . Parents should be called.
Level 1 to Level 2	Use BLOOM for Level 1 consequences and interventions.	The teacher should use strategies like behavior contracts and Restorative Practices .	After attempting to correct the specific behavior at least three times , may complete an ODR . Parents should be called.
Level 2 to Level 3	Use BLOOM for Level 2 consequences and interventions.	If the behavior warrants an ODR, administrator should implement an Intervention. If the student has repeated the same Level 2 behavior, administrator should ensure that the student has a PST Intervention plan in place.	Administrator shouldn't move to a Level 3 unless the student's Intervention plan has been implemented with fidelity. If the plan proves unsuccessful and administrator believes that no further Level 2 Intervention will help, may move to a Level 3 .
Level 3 to Level 4	Use BLOOM for Level 3 & 4 consequences and interventions.	For most Level 3 behaviors, administrator should ensure that student has a PST Plan in place. That plan should include the highest-level interventions at the school including mental health resources or outside mentoring/counseling.	The administrator should not move to a Level 4 unless the student's Intervention Plan has been implemented with fidelity. If the plan proves unsuccessful and the administrator believes that no further Level 3 Intervention will help the student, may move up to a Level 4 .
Level 3 without a Level 4 Dot	If the highest response level assigned to a behavior is Level 3 , administrator should make every effort to respond to the student's behavior using Level 3 Responses . If a student repeats behaviors that require Level 3 Responses , the school administrator may consult with the Department of Behavioral Learning about the possibility of responding to the student's behavior with a Level 4 Response .

Glossary of Terms

- **Assignment to Alternative School** – When a student is expelled, the District may offer the student an assignment to alternative school. Assignment to alternative school is a privilege for the student and is offered in lieu of expulsion. The alternative school environment should provide students with an opportunity to successfully return to their home school.
- **Disciplinary Consequence** – The consequence, usually involving a specific sanction, for a student’s failure to meet HCS’ expectations for student behavior.
- **Expulsion** – A long-term removal from the regular school environment. When expelled, students may not attend school or school activities. Federal law may limit the scope of the expulsion (e.g. IDEA, Section 504, etc.).
- **Gang-Affiliated** – of or related to gangs, gang culture, or gang signs. This may include certain combinations of colors, symbols, or any other insignia that pertains to a gang or gang activity.
- **Intervention** – A measure or series of measures taken by school staff to address a student’s unmet needs. The purpose of these measures is to remedy the cause of student’s academic and behavioral issues.
- **Intimate parts** – The body parts that are traditionally covered by a bathing suit, including the breasts, buttocks and genitals.
- **Lewd** – sexual, in a rude or offensive way.
- **Non-Educationally Required Device** – Any device that is not permitted for use as part of a teacher’s instruction or to complete school work, whether electronic or otherwise, including cellular telephones, personal music or video players (e.g. iPods or MP3 Players), hand-held videogame devices (e.g. PSP or Nintendo DS), electronic tablets, cameras and other image, voice, or video recording devices.
- **Positive Behavior Interventions and Supports (“PBIS”)** – PBIS is a nationally recognized approach designed to assist school personnel in creating a positive school climate for students. PBIS provides school personnel with progressive guidelines of evidence-based behavioral responses and Interventions. The goal of this program is to enhance academic and social behavior outcomes for all students.
- **Possession** – Having on one’s person or in one’s backpack, locker, purse, vehicle (if on school property or at a school event), or any other storage container owned by the student.
- **Problem Solving Team (“PST”)** – An interdisciplinary team of school personnel that uses a student’s data and information to develop Interventions to respond to that student’s unmet academic or behavioral needs.
- **Over the Counter and Non-Prescription Medicine** – Includes all medicine that can be legally obtained without a prescription. Failing to follow HCS’s Medication Policy and Procedure regarding Over the Counter and Non-Prescription Medicine may result in Disciplinary Consequences.
- **Prohibited Drugs** – Any medication, drug, or narcotic, other than Over the Counter and Non-Prescription Medicine, that has not been approved to be on campus by an authorized school or HCS employee.

- **Drug Paraphernalia** – any item or device used to measure or consume any prohibited drug, including, but not limited to, a pipe, a bong, or scales.
- **Restorative Conference** – Unlike the less formal Restorative Conversation, a Restorative Conference is a structured meeting between offenders and, if appropriate, victims and other stakeholders, in which they discuss the consequences of a misbehavior and decide how best to repair the harm caused to the victim, the class, and the school. Restorative Conferences are usually led by a school administrator, but can be held at the classroom level as appropriate.
- **Restorative Panel Meeting (RPMs)** – RPMs are opportunities for a student and his or her parents/guardians to participate in a Restorative Conference with HCS’ Restorative Panel. If the student chooses to participate in an HCS Restorative Panel, the panel, the offending student(s), the school administrator, and other stakeholder(s), including the victim, when appropriate, will discuss the harm caused by the behavior, jointly develop a behavioral plan for the student, and discuss access to possible Interventions (e.g. counseling, mental health services). Restorative Panel Meetings are often in lieu of expulsion, so for Secondary students, failing to participate in the Restorative Panel Meeting or to follow the Panel’s agreed upon plan may result in a recommendation for expulsion.
- **Response Strategy** – An immediate reaction from school personnel designed to calm a student, end a student’s misbehavior, and help a student regain self-control in a dignified manner. Response Strategies may be coupled with a Disciplinary Consequence or Intervention as needed.
- **Restorative Practices** – A system designed to help students build better relationships with each other and with school personnel and, when there is a breakdown in those relationships, to help students repair the harm caused by their actions.
- **Student’s Identifying Characteristic** – Any characteristic expressly defined and protected by federal, state or local law, regulation or ordinance including ancestry, creed, gender, gender identity, gender expression, marital status, national origin, parental/guardian status, pregnancy, race, religion, or sexual orientation. This definition also includes any disability including physical, mental, emotional or learning disabilities.
- **Synthetic Drugs** – Artificial or man-made drug including synthetic cannabinoids, commonly known as “synthetic marijuana,” “K2,” or “Spice,” and sometimes labeled as “herbal incense” or “potpourri” and synthetic cathinones commonly known as “bath salts” or “jewelry cleaner”.
- **Toy Weapons** – Plastic, wooden, or other similar material representation of a weapon, firearm, or gun that does not discharge any projectile other than water. Toy weapons do not include BB guns, AirSoft guns, or pellet gun.
- **Without Consent** – means by use of force, weapons, threats, coercion, or intimidation; when the recipient is incapable of consent; or where the recipient does not agree to the physical contact or sexual act.
