PARENT / GUARDIAN WORKSHOPS

The Federal Programs Department will conduct workshops in all Title One schools during the 2018-2019 school year. The workshops will provide parents and guardians opportunities to learn about ways to support the achievement of their student's academic and career-related interests and goals. The workshops will be held each semester in all Title One schools and are open to the public.

Additional workshops will be conducted each month through a partnership with Second Mile and Federal Programs. Check Title One school websites for topics and schedules.
