  ✓ Academy for Science & Foreign Language
  ✓ Academy for Gifted & Talented at Williams Middle School
  ✓ Columbia High School
- Alabama Association of School Boards Winning Schools
  ✓ Creative and Performing Arts at Lee High School
  ✓ New Century Technology High School
Why Our Arts Magnet Programs are Unique

Academy for Academics and Arts
Creative and Performing Arts at Lee High School

• **We are a family**
  Living and working through the creative process makes for unique relationships that challenge students, parents, and teachers to extend grace, to trust, and to grow.

• **The arts are important**
  The arts are not enrichment or "extra." Performances and exhibitions are prioritized. Families are willing to give more time and energy to the school community to take advantage of the benefits of an arts education.

• **Diversity makes us stronger**
  The difficulty of collaborating with people who have different backgrounds and different points of view generate creative tension which causes all involved to come better.

• **Professional Artists as faculty**
  AAA- 6 Arts Specialists, Lee- 10 Arts Specialists

• **Performance AND Instruction**
  Each strand involves comprehensive instructional classes not just performance based courses.

• **Student Focused**
  Student centered performances and productions.
Why Our Gifted & Talented Magnet Program is Unique

Academy for Gifted and Talented at Williams Middle School

- Small cohort of students
- Students have core classes with like minded gifted peers
- Teachers receive ongoing professional development for teaching gifted students
- Inquiry based learning using interdisciplinary units
- Specialized classes mirroring New Century Technology High School’s strands (Engineering, Computer Science, and Biomedical Science)
Why Our STEM Magnet Program is Unique

Academy for Science & Foreign Language

- **Special Science Electives** – Outdoor Adventures, Science Broadcast, Zoology, Botany, Physics, Chemistry, Robotics, & Future City

- **Foreign Languages** – French, Spanish, & Mandarin

- **Unique Clubs/Teams** – Chemistry Troupe, BEST Robotics, FIRST Lego Robotics, Lego Robotics, & Future City

- **Unique Events** – International Festival, Science Night, French Convention, German Day, Cinco de Mayo Celebration, Mandarin Exam
Why Our High School Magnet Programs are Unique

Columbia High School
New Century High School
College Academy

- Students earn a high school diploma while completing 2 years of college credits
- Partnership with University of Alabama Huntsville
- Smaller Class Sizes
- Students have traditional high school experiences while gaining college credit

- Middle Years Programme (Grades 9-10)
- Service Learning
- Personal Project
- Diploma Programme (Grades 11-12)
- Career-Related Programme (Grades 11-12)
- 2-4 College Level Courses
- Community Service

- Top High School in the district
- High test scores
- Exciting technology electives
- Career preparation in a specific area of study
- Partnerships with local businesses for job shadowing and internship opportunities
- Access to 18+ AP classes
- Diverse, small student body
