Chaffee Elem	school is bad and your lame
	wow
	it was good
Challenger Elem	Please extend your range of school zoning
	I like the M2M transfer. The only thing I din't like was the bus ride. The kids are mean and they steal, they curse, they call you names, sometime they talk about my dad being dead. I just wish that part was better though so that it would be more welcoming.
Challenger Middle	RECESS
	Im sorry i kinda put that i was a transfer but im not it just wont let me go back.
	I think its good
	i missed clicked and did not get mean to say yes to number 1

	For number 6# I did not ride the bus, but I would had been satisfied.
	i have no comments
	make it fair!!! the white kids are getting in trouble for doing little stuff but the african americans can get away with anything and its not fair!!! they never get dress coded and they can be late and its not fair and they are affecting our school work
Grissom High	Don't do it. Let people go where they want, and don't direct them to a place they will not feel welcome with new social groups.
	Improve the bus system, every day there is a traffic jam from the old star market to grissom because the busses only take kids home who live 30 miles away.
	This is racist.
	No

	A better bus schedule for students who live very far away from their current school.
	kjgfukyglyb
	Your problem. Bless you
	some of the teachers need to put in the grades, students need to be more friendly, better food!!

	I've heard several cases of middle school transfer students not going to the transfer middle school. I hope this is not true and I don't want to have to worry about not going to the high schools with my freinds. I HOPE MIDDLE SCHOOL TRANSFER GOING TO THE HIGH SCHOOL IS SMOOTH.

(Bus 112 and Bus 160) no I DON'T WANT TO RIDE THE BUS. More school in the school i came from was St. Mary's in Texas I used to go to University Place Elementary but it's not on what school went to last year, but it was not on the there. some of my friends got transfered but the new school was like 15 min from their house while their old school was only 5 min away I transfered from highlands elementary
