

**Naviance Test Prep Overview**

This guide is intended to help you get started with your ACT test preparation. If you have questions, see your counselor for more information.

**Accessing Naviance Test Prep**

1. Log into Family Connection

Visit [www.naviance.com](http://www.naviance.com) and click sign in (top right side of page). You will select students & family and enter your school’s zip code. Select your school.

Username:        firstname.lastname  
 Password:       six-digit birthday

2. Click the Naviance Test Prep Link in the Resources section of the homepage

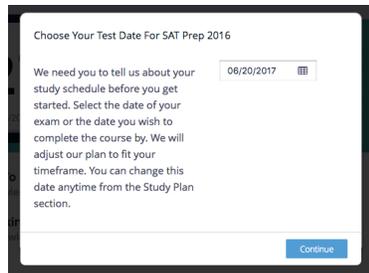

3. The Naviance Test Prep Home page appears in a new window

**Getting Started**

Complete these two easy steps to get started with your test prep:

**Step 1:** Upon first logging into Naviance Test Prep, you are prompted to **Choose Your Test Date**. Choose the date of your exam or the date you wish to complete the course. This action helps plan your study schedule.

**\*Optional:** If your school offers more than one test prep course, confirm the test for which you wish to prepare under the **My Studies** drop-down.

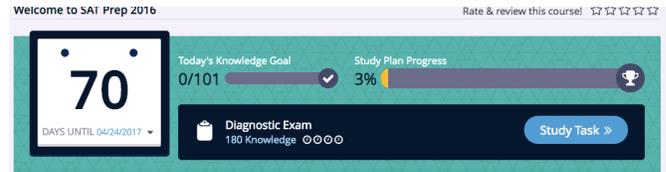

**Step 2:** Once you have selected the test date, click the **Get Started** button. Completing this section allows the solution to analyze your strengths and areas for improvement.

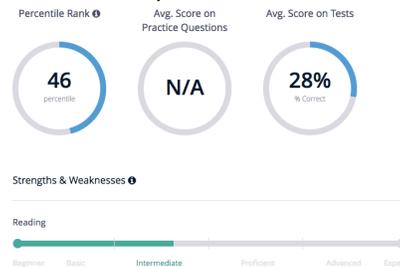

**About Naviance Test Prep**

**Daily Study Tasks**

Each time you log in to your Test Prep account, you should select the **Study Task** link to get started on that day’s lesson. Completing these Study Tasks daily will ensure that you complete the study plan by your indicated test date.

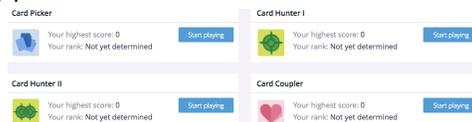

Below the daily Study Task, you will see your Percentile Rank and average scores for Practice Questions and Tests. Your Percentile Rank is based on all users completing that study program, not just users at your school. Below these, you can see your areas of strengths and weaknesses, which can help guide you as to what areas you may want to study more.

**Study Plan** - guides you through the course in the most efficient way possible and helps you stay on track. Study Plans are comprised of **Lessons, Flashcards, Practice Questions, and Tests**. Each study task is given a # of knowledge points based on length, difficulty, and importance. This is also known as your **Daily Knowledge Goal**

**Game Center** - packed with fun games designed to help you learn faster and enhance memory retention. Speed and correctness determine game scores. These games are designed to give you a break when needed from your study plan.

**Flash Cards** – present important terms and concepts you will need to know for your test

**Practice Questions and Tests**– these are designed to give you a place to test your knowledge and what you have learned.
